Empire Medical Training offers updated medical programs with current Anti Aging procedures that define the concept of Bio-identical testing and treatment with an understanding of the delicate hormone balance that is essential to promoting health. This course covers female hormone balance, male hormone physiology, adrenal & thyroid function and dysfunction as well as the rationale behind Saliva Testing.

Physicians that provide Anti Aging and Weight Loss programs will offer patients a healthy approach to looking and feeling great. The newest option is the program for Estradiol and Testosterone replacement with [Pellet Therapies](#) . Learn this more effective method of delivery that allows patients long-term, controlled release of these two most common therapies.

The compounded medicines are more effective and safer than ever before while the medical protocols and testing necessary are simple to follow and can be utilized within a clinical practice. Learn about supplements, nutraceuticals, and latest protocols and diagnosis techniques for a variety of health issues while understanding the science behind these new treatments and protocols.

The [Anti Aging Medicine](#) option is an extension of preventive health care helping to correct and improve the generative process of aging both physically and emotionally with the addition of supplements, detoxification, and hormonal balance. The specialists at Empire will give each attendee a complete understanding of the strategies of Hormone Replacement, other Bio Identical replacement strategies and how to adjust dosages based on symptoms or further testing. Discover how to use vitamins and well proven herbals to complement bio identical replacement.

Empire Medical Training provides this [Anti-Aging and Integrative Hormone Therapies](#) program that is presented by Physician Specialists that run their own weight loss and anti aging centers. These physicians, as well as other entrepreneurs and business speakers, will outline the specific steps to successfully integrate these profitable revenue centers by implementing these services into your own practice.

One new (Pellet Therapy) hormone patient can bring in over a thousand in profit for an existing practice from office visits, testing and supplement sales. The reimbursement for these therapies run around \$600-\$800 and the benefits to patient and physicians are significant. Training will include billing, reimbursement and marketing with strategies for billing insurance for visits including saliva testing.

Expand a current practice by marketing and promoting these new services that attract new and existing patients. Other training programs for non-invasive cosmetic treatments such as Botox Cosmetic, Dermal Fillers and Skin Rejuvenation are available at Empire Medical Training offering a variety of Anti Aging treatments and procedures many of these are 1-day workshops.

Empire Medical Training is consistently adding new training programs that provide the newest techniques and procedures in fat injection/transfer/grafting, weight loss, anti-aging, and pain management along with cosmetic enhancement procedures. Empire provides hands-on training workshops for a variety of comprehensive procedures including Botox Cosmetic, Dermal

Filler and Autologous Fat Transfer.

The Newest concept for Aesthetic training is the Private Aesthetic Training program for details on this program or any other medical workshop contact Dr. Stephen Cosentino toll free at 1-866-333-6747 or at <http://www.empiremedicaltraining.com>
