## IMORIA - ORLANDO'S NUMBER ONE WEB DESIGN AGENCY LAUNCHES TUTORIALS FOR THEIR CLIENTS CONTENT MANAGEMENT SYSTEMS

Orlando, Florida - 2010-01-27 - Imoria has put tutorials now on their website so everyone can take advantage of Content Management Systems and adding/editing/deleting their own website pages, blogs, contact forms, and even real estate listings.

Orlando, FL, January 27, 2010 -- Orlando's Number 1 Web Design Agency ([www.imoria.com](http://www.imoria.com)) as ranked by the number one search engine, has now provided tutorials on their website. These tutorials give clients, users, and anyone the ability to see how easy it is to use a content management systems. Websites that are updated often, are the highest ranked on search engines. Now, thanks to Imoria you can have a content management system and update it yourself. We show you how to add a calendar event, blog, page, contact form, and even a real estate listing. The URL path alias module by Drupal gives you an advantage over your competition in every area. Imagine being able to label your pages just like top news companies.

Also, [Imoria](http://www.imoria.com) has launched a new department that helps companies with reputation management, press releases, and blog posting. Imoria has all the tools to help you or your business succeed online and gain high visibility on the search engines. Don't pay huge amounts of money to web developers or companies that do not understand how the web really works. When you work with Imoria your working with over ten years of experience of design, developing, and helping businesses succeed online.
